Overarching Goal: Student Learning

All students will successfully complete each grade level and/or course taken, demonstrating proficiency on local, state and national assessments.

In order to help achieve the overarching District Goal, best practice, research and the following critical questions will guide curriculum, assessment, and intervention in every school and school improvement plan:

- What is it we expect learners to learn/be able to do?
- How will we know if they've learned it?
- How will we respond if they haven't?
- How will we respond if they've already learned it?

2011 – 2012 DISTRICT GOALS

- I. All students will achieve proficiency in reading, writing and math while demonstrating growth as a quality contributor as detailed in the District Improvement Plan (DIP) and respective building School Improvement Plans (SIP). Student Outcomes are aligned to specific measurable goals as contained with the DIP and SIP.
- II. Increase innovative and responsive instructional opportunities and programs to students at all levels while aligning curriculum, increasing student achievement, and closing the achievement gap:
- III. Enhance the collection, interpretation, and use of data to drive instructional and program decisions for teachers and administrators.
- IV. Continue to stabilize the District's overall fiscal wellbeing within a fiscally transparent environment.
- V. Upgrade and improve district buildings, infrastructure, and facilities.
- VI. Enhance electronic resources and communication opportunities throughout all levels of the district.

For additional information please refer to the district website at: www.northville.k12.mi.us/district/goals.asp
